EDUCATION

Rizvi College of Engineering, Mumbai University | Pursuing

Bachelor of Engineering (B.E) in Computer Engineering | CGPA: 8.20

M.H. Saboo Siddik Polytechnic, Maharashtra State Board of Technical Education

Diploma in Information Technology | 85% — First Class with Distinction

WORK EXPERIENCE

Software Development Intern | Renwik Media, Mumbai | September 2025 – February 2026

- Contributed to the development of a full-stack online voting system using React, Node.js, and MongoDB.
- Designed and implemented a dynamic nomination and voting workflow with category and subcategory-based logic.
- Built validation logic to ensure fair voting processes and accurate data handling.
- Implemented real-time vote calculation and result generation, improving system reliability and user engagement.
- Collaborated with the team to optimize frontend performance, backend API responses, and database queries.
- Gained hands-on experience in an on-site professional environment following full-stack best practices.

PROJECTS

Eternal Elegance Global Awards — Online Voting Platform | React, Node.js, MongoDB

- Developed a full-stack online voting platform with dynamic category and subcategory-based nominations.
- Implemented real-time vote computation and result display for improved transparency.
- Created a responsive React frontend with Node.js APIs and MongoDB for backend processing and storage.
- Live at: nomination.eternalexcellenceglobalawards.com

PathPredict AI — Smart Career & Admission Guidance Platform | Python, React, ML

- Built an AI-driven career counselling and engineering admission prediction platform for Indian students.
- Integrated aptitude testing and profile-based guidance with CET/Diploma-aware admission logic.
- Developed a ChatGPT-like AI chatbot to assist students with admission, career, and academic queries.
- Implemented ML-based college probability prediction along with a resume builder and personalized roadmaps.

SKILLS

Languages: Python (Intermediate), JavaScript, HTML, CSS, SQL

Frameworks & Libraries: React, Node.js, MongoDB

Currently Learning: Pandas, NumPy, Data Structures & Algorithms

Tools & Platforms: MySQL, SQLite, Supabase, Git, GitHub, VS Code, PyCharm, Cursor, Excel, PowerPoint

Soft Skills: Team Leadership, Communication, Stakeholder Management, People Management

CERTIFICATIONS

AI Engineer | Oneroadmap | oneroadmap.io/skills/ai/certificate/CERT-9F4A2744

Python Using AI | AI For Techies | certx.in/certificate/27431ebc

Technical Paper Presentation | Thakur College of Engineering
